

ERCOL

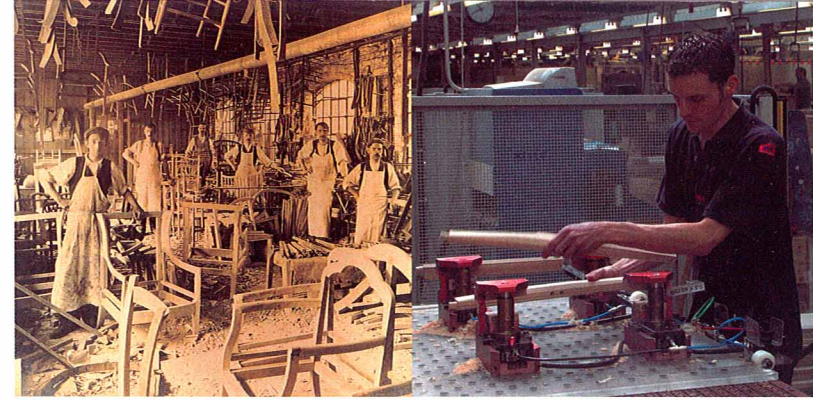

Contents

A living environment needs light and texture, colour and comfort. Which is why Ercol has always designed and crafted furniture from solid wood. In this brochure, you'll discover traditional and contemporary furniture in many different styles and finishes. But one thing will remain constant. The magic to make rooms come to life.

More design, more comfort, more Ercol	3

Technology meets tradition

The chairmakers of nineteenth century High Wycombe could not have imagined the complex machinery that is used in the manufacture of solid wood furniture today. Yet because the touch of an experienced craftsman can never be underestimated, it's only the laborious, time-consuming tasks that have been mechanised. Working wood is and always will be as instinctive as it is technical.

More design, more comfort, more Ercol

Dedicated to excellence

"Each piece of Ercol furniture reflects the skill, care and pride of the people who made it", explains Chairman Edward Tadros.

In fact, nearly a quarter of Ercol's employees have been with the company for over twenty years. A fact that reflects the enthusiasm and dedication evident throughout Ercol at every level.

When a young furniture designer called Lucian Ercolani established his own firm in 1920, his quest for innovation and flair for design were to pioneer chairmaking in Britain; if not the world.

Today, his maxims of innovation in design backed by robust manufacturing are as strong as they were over eighty years ago.

Now Ercol is one of the most successful manufacturers of solid wood furniture in Britain, with an international reputation to match.

Tradition, however, has never impeded progress. So, investment has always been made in the latest designs and technology in order to continually improve and enhance the quality and value of Ercol furniture.

But the most significant step forward in recent years is certainly the move from High Wycombe to a brand new purpose-built factory in Princes Risborough in September 2002.

This allows us to maintain and build upon our widely recognised standards of excellence in terms of design, comfort and craftsmanship.

Of course, Ercol also invests heavily in people; for a piece of Ercol furniture will only come to life in solid ash, beech, elm or maple with a human touch: the contribution of a skilled craftsman. Apprenticeships and training were part of Ercol culture long before advanced machinery, the surest way to safeguard company values for the future.

Living

The Ercol upholstery collection breathes life into any room. Each and every Ercol chair, sofa or footstool is stylishly designed and crafted with care. The cushions use the best fillings and are covered with your choice of high quality fabrics. The range is also beautifully complemented by our occasional furniture and cabinets.

4

RENAISSANCE

CATHEDRA

BERGÈRE

EVERGREEN

Renaissance

Ercol upholstery is unique. Instead of being hidden, the frame of a chair or sofa is on display cradling the cushioning – a prominent and attractive feature which shows the beauty of solid wood and the vision of the designer:

This feature is captured perfectly in Renaissance.

Classic and New Renaissance each have their unique points of comfort and style, but all models have fully-reversible cushions, a choice of seat interior and sprung platforms.

Below left to right, the smaller models of the range: **Classic Renaissance Piccola** (1067), **New Renaissance Piccola** (2067).

Classic Renaissance

The Classic Renaissance collection offers an unrivalled choice of high back designs to achieve that perfect look and comfort.

Models featured: **Classic Renaissance High Back Easy Chair** (1068), **Classic Renaissance High Back Standard 3 Seater Sofa** (1068/S), **Renaissance Footstool** (1114), **Provençal 3 Door Dresser** (1133D), all in Light finish.

New Renaissance

Relaxed, contemporary elegance marks New Renaissance. High and low back designs, include deeper seating, high arms and lumber support.

Pictured above: **New Renaissance Low Back Large 3 Seater Sofa** (2069/3), **New Renaissance High Back Easy Chair** (2068), **New Renaissance High Back Standard 3 Seater Sofa** (2068/S), **New Renaissance Low Back Easy Chair** (2069), **Windsor Gateleg Coffee Table** (1820) and **Windsor Nest of Tables** (1159), in Light finish.

Bergère

Bergère is one of those timeless designs that look as good in an ultra-modern apartment as it does in a traditional drawing room. Side panels in either woven cane or fabric complement the ash frame, adding visual strength to light finish pieces and an element of delicacy to those with a darker finish.

With Bergère, relaxation always comes as standard. Large, soft cushions provide the comfort and support that are expected of Ercol.

Shown above: **Bergère Standard Easy Chair** (1603), **Bergère 2 Seater Sofa** (1603/2) and **Bergère 3 Seater Sofa** (1603/3), all in Light finish.

Bergère

Shown below, **Bergère Petite Easy Chair** (1601), **Bergère Standard Easy Chair** (1603) and **Bergère 3 Seater Sofa** (1603/3), all in Fruitwood finish.

10

Cathedra

Cathedra is a collection of high, firm and supportive upholstery. The classic design provides the ideal complement to many of Ercol's occasional pieces and includes an easy chair (1513 not shown), a natural companion to Cathedra sofas and all Bergère models.

Shown below in Golden Dawn finish, **Cathedra 2 Seater Sofa** (1513/2U), **Cathedra 3 Seater Sofa** (1513/3U).

Evergreen

Evergreen by name, popular by nature.

Think classic English furniture and Evergreen invariably springs to mind. Distinguished looks and supportive cushioning show direct descent from the original Windsor chair.

Shown above, **Evergreen High Back 2 Seater Settee** (1913/2), **Evergreen High Back Easy Chair** (1913), **Windsor Footstool** (1205) with **Old Colonial Hall Table** (1102) and **Windsor Magazine Rack** (1153), all in Light finish.

Campagne

Sumptuous and opulent, Campagne brings deep comfort to the Ercol collection. Upholstered arms, back and side panels blend naturally with the solid ash frames.

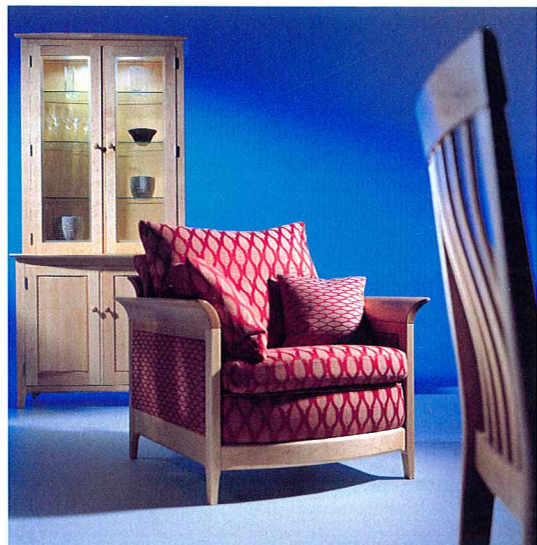

Shown above in Light finish, **Campagne Easy Chair** (1604) and **Campagne 3 Seater Sofa** (1604/3).

Scala

A collection of solid maple wood furniture, Scala is fresh, contemporary and elegantly stylish. And to complement maple's wonderfully grained, subtly pale colouring, a choice of fabric or leather, exclusive to Scala.

Hand-finished by our craftsmen, each piece combines comfort with cutting edge design.

Shown far left, **Display Cabinet** (1141L), **Triple Width Cupboard with Draws and Display Top** (1143, 1148) and **Occasional Table with Drawers** (1142/5).

Shown left, **Easy Chair** (1144/1) and **Medium Sofa** (1144/3) in leather upholstery.

Near left, **Easy Chair** (1140/1) with **Double Width Cupboard with Display Top** (1142/2, 1147).

Above left, **Double Width Chest of Drawers** (1142/4), **Display Cabinet** (1141L) and **Double Width Cupboard** (1142/2).

Above right, **Fixed Top Dining Table** (1151), **Dining Chair** (1150) and **Dining Armchair** (1150A).

Dining

Pull up a chair to an elegant solid wood Ercol table and you can't help but feel you've arrived. The combination of styles, finish and fabrics create a wonderful expression of your individuality. An expression guaranteed to make an impression for generations to come.

Windsor

Windsor brings life into your dining room.

Wycombe's most famous chair, the Windsor, has changed little in its structure since the earliest days of chairmaking in the town. However, the form and style of the entire Windsor range has become much more refined in the hands of our craftsmen.

So, the random arrangement of the ash wood of a Windsor dining table top highlights the unique beauty of its grain, while the addition of the right choice of chair means you'll always dine in comfort.

Shown above in Light finish, **Windsor Medium Dining Table** (1157), **Penn Classic Dining Chairs and Armchairs** (1138 & 1138A).

Shown left in Light finish, **Windsor Large Dining Table** (1158), **Quaker Dining Chairs** (875) and **Chairmakers Chair** (911).

Chester

Elegant and available in three sizes, Chester tables combine true versatility with classic English country style.

Naturally, your choice of chairs is equally important as it can change the entire mood and look of your whole room.

Shown left, **Chester Fixed Top Pedestal Table** (1166), **Quaker Dining Chairs** (875) and **Quaker Dining Armchairs** (875A), in Light finish.

Shown right, **Chester Extending Pedestal Table** (1167), **Swan Dining Chairs** (876), **Swan Dining Armchairs** (876A) and **Lavenham Dresser** (962D), in Golden Dawn finish.

Shown below, **Chester Extending Twin Pedestal Table** (1168) with **Baluster Upholstered Back Dining Chairs and Armchairs** (517 & 517A), in Golden Dawn finish.

Dorchester

Dorchester is available in two sizes. The compactness of the 6-8 seater model reflects the majesty of the grand original. Both offer an equally elegant environment for a relaxed supper or the most formal entertainment.

Shown right, **Dorchester Extending Dining Table** (1097) with **Hampton Upholstered Back Dining Chairs** (944) and **Hampton Armchairs** (944A) and **Lavenham Sideboard** (962), in Golden Dawn finish.

Storage & Display

Whatever your storage and display requirements, you'll discover the design of our collection of cabinets is as thoughtful as it is attractive. Flexibility is a key feature, our cabinets look just as good standing alone or combined.

Windsor Cabinets

With such smooth, clean lines, our Windsor Cabinet collection has become a contemporary classic. Carefully crafted to look and feel lighter, they are exceptionally easy on the eye. From Hi-Fi equipment to books and glassware, Windsor Cabinets provide the perfect solution.

Shown far left, **Break Front Storage and Display Presentation, Standard Height Wide Cupboard with Drawers** (2023), **Wide Tall Display Cabinet** (2160), **Narrow Tall Display Cabinet** (2134/2135), **Windsor Corner Display Cabinet** (2138).

Sophisticated low voltage lighting systems are another example of Ercol's relentless attention to detail.

Visually striking as stand-alone furniture, Windsor Cabinets stand together perfectly too, so that your individual choice never looks like 'system furniture'.

Shown left, **Windsor Low Wide Bookcase** (2024), **Wide Standard Bookcase** (2031) and **Wide Tall Bookcase** (2036). Middle, **Windsor High Sideboard** (2074) and above right, **Windsor Break Height Display Presentation** (2128/2129 and 2137).

Mural

The design of Mural harks back to the time of the great English manor house when solid, practical furniture was an essential part of the home. Today, the distinction of these traditional wall cabinets can be enjoyed in your own home; thanks to Ercol's design skills.

The appeal of Mural is enhanced even further by a choice between the use of bookcases with solid wood shelves or glass shelving and halogen lighting in display cabinets.

The result is a lighter, more delicate display area that adds ambience to the whole room.

To assist in making your choice of Mural, Ercol has pre-selected a number of possibilities. These Ercol Display Presentations, EDPs, highlight the flexibility of Mural.

Shown left in Golden Dawn, **Breakfront Display and Storage Presentation** (EDP-A1)G and **Old Colonial Pedestal Table** (1106).

Mural, like all Ercol furniture, is made to order. This enables us to craft cabinets specifically to your needs.

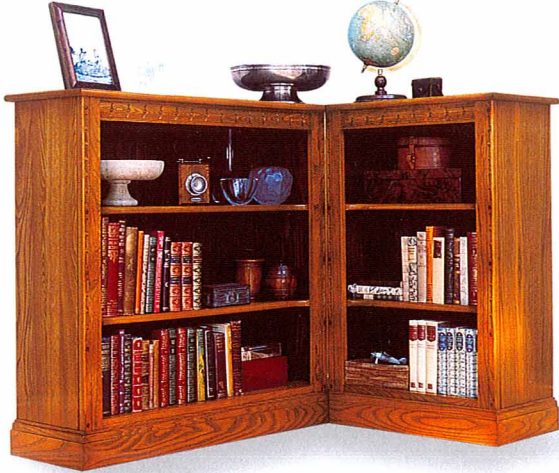

Individual freestanding cabinets show traditional features such as overhanging tops and full plinths. When combining cabinets, these features are included to create a sense of completeness. Further versatility is added with our freestanding corner display cupboard.

Alone or together, Mural offers total flexibility when you plan your interior.

Shown above in Golden Dawn, from left, **Classic Storage and Display with Open End Cabinets** (EDP-C1)G, **Bergère Easy Chair** (1601), **Bergère Footstool** (1505), **Old Colonial Pedestal Table** (1106), **Baluster Dining Armchair** (517A), a selection of **Mural Bookcases** and **Flush Fronted Dresser Style Presentation** (EDP-B2)G. * See pages 34 & 35 for further details.

Shown left, **Mural Linked Bookcases** (3550 & 3500) in Golden Dawn finish. This compilation is available on all bookcase models (see page 35 and the price list for details).

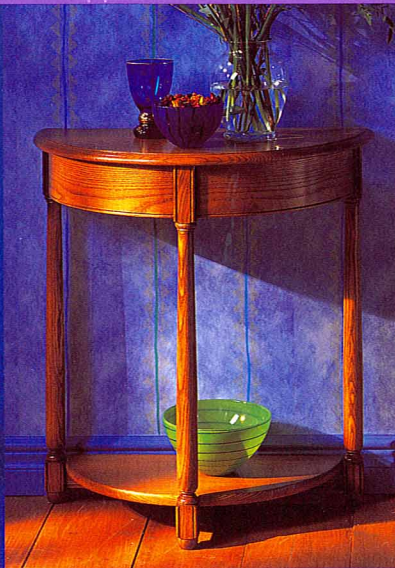

*See price list for information on EDPs.

Occasional

Naturally, your occasional furniture should match the beauty and durability of your living and dining furniture. Fittingly, Ercol has created a range of hand-finished tables, nests of tables, corner shelves and TV, video and Hi-Fi cabinets that are easy to live with, easy on the eye and complement our collections to perfection.

24

Occasional furniture should be more than just a finishing touch. It should be eminently practical, too. Whether you need an attractive cabinet for audio equipment or a nest of tables that matches the rest of your furniture, Ercol has a wide selection of occasional pieces that are designed for living. But built for life.

Shown from left, **Old Colonial Pedestal Table** (1106), **Old Colonial Side Table** (1126), **Old Colonial 3 Shelves Corner Rack** (1103), **Chaucer Magazine Rack** (974), **Trinity Drop Leaf Supper Table** (1705), **Old Colonial Hall Table** (1102), **Trinity Compact Nest** (1702), **Windsor Lamp Table** (1169), **Windsor Supper Table** (1171) and **Windsor Table with Drawers** (1800).

All of our TV and Hi-Fi cabinets are designed not only to be robust but, above all, practical.

The utmost care has been taken to ensure there is more than sufficient room for all the latest technology in home entertainment.

Shown left, **New Windsor Corner TV/Video Cabinet** (2120) and the **Windsor Hi-Fi Cabinet** with lift top and glass door (1017).

Shown below from left, **Mural Low Free-standing TV Corner Cabinet** (3059), **Corner Entertainment Presentation** (EDP-F1), **Bergère Footstool** (1505), **Warwick Corner TV/Video Table** (1929) and **Winchester Hi-Fi Cabinet** with glass door (961).

Fabrics

Because Ercol upholstery and cushion covers are removable, you can change fabrics with the seasons, the latest fashions or simply when you feel like it. Certainly, with over 200 fabrics from which to choose, we hope to encourage experimentation with colour, texture and pattern.

Needless to say, Ercol fabrics are flame-retardant and hard-wearing, conforming to all standards for general domestic use.

Height 550mm 1'9 1/4"

Mural evokes classic cabinetry with its carving and traditional detailing but, as far as versatility and practicality are concerned, it is a design that is thoroughly up-to-date: all cabinets integrate fully with each other, meeting any task demanded of them. The result? Total flexibility when you plan your interior.

And when you install Mural, you find that all base cabinets and bookcases have adjustable levellers as well as easy-to-fix safety features.

Integrate to create. It's what Mural is all about and the top and plinth options on Bookcases and Display Cabinets enable you to go across or right into a corner to make the optimum use of your space. Cross corner combinations can be made with tall narrow cabinets for a grand display presentation whilst the linked combinations apply to cabinets of all heights and widths.

To give you some idea of how individual cabinets can form attractive, practical combinations designed to your needs, one of the many Ercol Design Presentations is shown opposite.

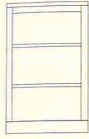

Many more are detailed within the price list.

*All display cabinets have the option of wooden shelves (W) or glass shelves with interior lighting (G). Base cabinets and bookcases have wooden shelves only.

† Complete with shelves.

†† Complete with cutlery divider.

Depth 335mm 1'1 1/4"
Height 1538mm 5'0 1/4"

Important

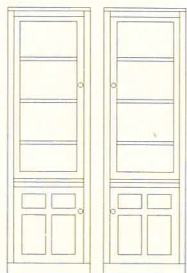

The measurements on these pages do not allow for overhangs and plinths. When ordering Mural Cabinets, it is extremely important to use the price list for specifying the types of tops and plinths required. Remember to add 19mm (3/4") to each end of the row of cabinets to complete the space required for your presentation. You also need to choose between solid wood shelves for books and storage or glass shelves for display. The latter are supplied with low temperature, low voltage halogen lamps. The price list also includes details of Ercol's Display Presentations. Whether you select individual cabinets, your own combination or an EDP, your local Ercol retailer will be able to advise you.

Tall Bookcases and Display Cabinets

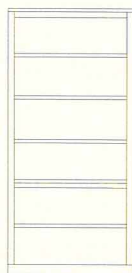

3700 Narrow Bookcase*

(Each model has a removable back panel and lifting lid and a fixed shelf 178mm (7") from the top with a further 2 adjustable shelves below.)
See page 26

Wood Finishes

Ercol solid wood furniture is available in four finishes, developed to emphasise the natural beauty of ash, beech or elm.

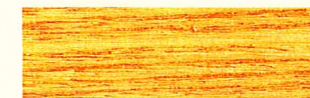

Light finish is particularly suited to modern interiors, and has a natural quality; the light stain remaining faithful to the freshness of the original wood grain and figure.

Golden Dawn gives a rich glow seemingly created by years of beeswax polishing. A versatile choice, Golden Dawn harmonises with furniture of all styles.

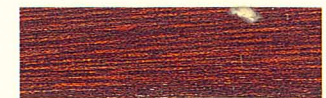

Fruitwood introduces a darker, more traditional theme. Its distinct mahogany shading blending particularly well with 18th or 19th century furniture.

Traditional is the darkest Ercol finish, with Tudor undertones that could only have come from classic English design. Its formality and elegance impart an air of solidity and timelessness.

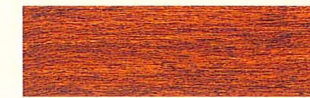

Scala has its own natural finish as shown on pages 12 and 13.

The Guild Mark of the Worshipful Company of Furniture Makers.

The aim of the Worshipful Company of Furniture Makers is to foster the craft and industry of furniture making, marketing and retailing in the United Kingdom. And, like all the Livery Companies of the City of London, the Worshipful Company of Furniture Makers is dedicated to quality in its trade.

The Company Guild Mark is awarded only after its assessors are satisfied that the furniture meets demanding standards of design, workmanship, materials and function. Ercol is proud that over the years they have been awarded over 23 Guild Marks.

ERCOL

Ercol on the move

Ercol's factory and showroom are moving from High Wycombe to new premises at Princes Risborough in September 2002.

We welcome visitors at our showroom in High Wycombe or Princes Risborough. Open Monday to Friday from 9am until 5pm, Saturdays from 9.30am to 4pm, except Christmas, Bank Holidays and times of refurbishment. Please telephone first to ensure the furniture range in which you are interested is on display.

Ercol website **www.ercol.com**

You can find out more about the history of Ercol and our furniture at our dedicated website.
